Notes to the Financial Statements For the Year Ended 30 June 2023

The financial report covers Geelong Ethnic Communities Council Inc as an individual entity. Geelong Ethnic Communities Council Inc is a not-for-profit Association, registered and domiciled in Australia.

The principal activities of the Association for the year ended 30 June 2023 were community services to the multicultural community with a focus in Greater Geelong region. Activities include settlement services, with migration advice and humanitarian support programs, community development services, employment and family support services, financial counselling and aged care activity support services. Additional activities undertaken include the maintenance services under the trading name My Maintenance Crew, training for adult education and through the registered training organisation under the trading name Diversitat Training, the community broadcast under the trading name The Pulse 94.7 and the Pako Festa event.

The functional and presentation currency of Geelong Ethnic Communities Council Inc is Australian dollars.

Comparatives are consistent with prior years, unless otherwise stated.

1 Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards - Simplified Disclosures and the *Australian Charities and Not-for-profits Commission Act 2012*.

The financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Significant accounting policies adopted in the preparation of these financial statements are presented below and are consistent with prior reporting periods unless otherwise stated.

2 Summary of Significant Accounting Policies

(a) Revenue and other income

The core principle of AASB 15 is that revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the Association expects to receive in exchange for those goods or services.

Generally the timing of the payment for sale of goods and rendering of services corresponds closely to the timing of satisfaction of the performance obligations, however where there is a difference, it will result in the recognition of a receivable, contract asset or contract liability.

None of the revenue streams of the Association have any significant financing terms as there is less than 12 months between receipt of funds and satisfaction of performance obligations.

Grant revenue

Government grants are recognised at fair value where there is reasonable assurance that the grant will be received and all grant conditions will be met. Grants relating to expense items are recognised as income over the periods necessary to match the grant to the costs they are compensating. Grants relating to assets are credited to deferred income at fair value and are credited to income over the expected useful life of the asset on a straight-line basis.

During the year, grant income that was received under grants where Geelong Ethnic Communities Council Inc was the named recipient were accounted for in Multicultural Community Services Geelong Inc due to the ongoing merger process. This is a departure from accounting standards.

Geelong Ethnic Communities Council Inc

29 252 806 279

**Notes to the Financial Statements
For the Year Ended 30 June 2023**

2 Summary of Significant Accounting Policies

(a) Revenue and other income

Other income

Other income is recognised on an accruals basis when the Association is entitled to it.

Notes to the Financial Statements

For the Year Ended 30 June 2023

2 Summary of Significant Accounting Policies

(b) Income tax

The Association is exempt from income tax under Division 50 of the *Income Tax Assessment Act 1997*.

(c) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(d) Inventories

Inventories are measured at the lower of cost and net realisable value.

Inventories acquired at no cost, or for nominal consideration are valued at the current replacement cost as at the date of acquisition, which is the deemed cost.

(e) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment.

Depreciation

Property, plant and equipment, excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the Association, commencing when the asset is ready for use.

Leased assets and leasehold improvements are amortised over the shorter of either the unexpired period of the lease or their estimated useful life.

The depreciation rates used for each class of depreciable asset are shown below:

Fixed asset class	Depreciation rate
Buildings	2.5%
Furniture, Fixtures and Fittings	20%
Motor Vehicles	16.6%
Computer Equipment	25%
Leasehold Improvements	2.5%

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

Notes to the Financial Statements

For the Year Ended 30 June 2023

2 Summary of Significant Accounting Policies

(f) Financial instruments

Financial instruments are recognised initially on the date that the Association becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification

On initial recognition, the Association classifies its financial assets into the following categories, those measured at:

- amortised cost
- fair value through profit or loss - FVTPL

Financial assets are not reclassified subsequent to their initial recognition unless the Association changes its business model for managing financial assets.

Amortised cost

The Association's financial assets measured at amortised cost comprise trade and other receivables and cash and cash equivalents in the statement of financial position.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income, foreign exchange gains or losses and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss.

Financial assets through profit or loss

All financial assets not classified as measured at amortised cost or fair value through other comprehensive income as described above are measured at FVTPL.

Net gains or losses, including any interest or dividend income are recognised in profit or loss.

Notes to the Financial Statements

For the Year Ended 30 June 2023

2 Summary of Significant Accounting Policies

(f) Financial instruments

Financial assets

Impairment of financial assets

Impairment of financial assets is recognised on an expected credit loss (ECL) basis for the following assets:

- financial assets measured at amortised cost

When determining whether the credit risk of a financial assets has increased significantly since initial recognition and when estimating ECL, the Association considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Association's historical experience and informed credit assessment and including forward looking information.

The Association uses the presumption that an asset which is more than 30 days past due has seen a significant increase in credit risk.

The Association uses the presumption that a financial asset is in default when:

- the other party is unlikely to pay its credit obligations to the Association in full, without recourse to the Association to actions such as realising security (if any is held); or
- the financial assets is more than 90 days past due.

Credit losses are measured as the present value of the difference between the cash flows due to the Association in accordance with the contract and the cash flows expected to be received. This is applied using a probability weighted approach.

Trade receivables

Impairment of trade receivables have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses. The Association has determined the probability of non-payment of the receivable and multiplied this by the amount of the expected loss arising from default.

The amount of the impairment is recorded in a separate allowance account with the loss being recognised in finance expense. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance.

Where the Association renegotiates the terms of trade receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

Other financial assets measured at amortised cost

Impairment of other financial assets measured at amortised cost are determined using the expected credit loss model in AASB 9. On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced significant increase in credit risk then the lifetime losses are estimated and recognised.

Notes to the Financial Statements For the Year Ended 30 June 2023

2 Summary of Significant Accounting Policies

(f) Financial instruments

Financial liabilities

The Association measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

The financial liabilities of the Association comprise trade payables, bank and other loans and lease liabilities.

(g) Impairment of non-financial assets

At the end of each reporting period the Association determines whether there is evidence of an impairment indicator for non-financial assets.

Where an indicator exists and regardless for indefinite life intangible assets and intangible assets not yet available for use, the recoverable amount of the asset is estimated.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss.

Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment loss.

(h) Intangible assets

Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, from the date that they are available for use.

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

(i) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

Notes to the Financial Statements

For the Year Ended 30 June 2023

2 Summary of Significant Accounting Policies

(j) Leases

At inception of a contract, the Association assesses whether a lease exists.

At the lease commencement, the Association recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where the Association believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises of the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration less any lease incentives received.

The right-of-use asset is depreciated over the lease term on a straight line basis and assessed for impairment in accordance with the impairment of assets accounting policy.

The lease liability is initially measured at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Association's incremental borrowing rate is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is remeasured whether there is a lease modification, change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI) or a change in the Association's assessment of lease term.

Where the lease liability is remeasured, the right-of-use asset is adjusted to reflect the remeasurement or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Exceptions to lease accounting

The Association has elected to apply the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. The Association recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

(k) Employee benefits

Provision is made for the Association's liability for employee benefits, those benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits expected to be settled more than one year after the end of the reporting period have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Cashflows are discounted using market yields on high quality corporate bond rates incorporating bonds rated AAA or AA by credit agencies, with terms to maturity that match the expected timing of cashflows. Changes in the measurement of the liability are recognised in profit or loss.

Notes to the Financial Statements For the Year Ended 30 June 2023

2 Summary of Significant Accounting Policies

(l) Going concern

Notwithstanding the Association's deficiency in working capital (current assets less current liabilities), the financial report has been prepared on the going concern basis. This basis has been adopted as the Association is currently undergoing a merger with Multicultural Aged Care Services Geelong Inc into a new entity, Multicultural Community Services Geelong Inc. As part of this, the business and net assets will transferred into the new entity. In the meantime, the Association will be supported by Multicultural Aged Care Services Geelong Inc and Multicultural Community Services Geelong Inc.

3 Critical Accounting Estimates and Judgements

Those charged with governance make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

Key estimates - impairment of property, plant and equipment

The Association assesses impairment at the end of each reporting period by evaluating conditions specific to the Association that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

Key estimates - lease options

The lease term is defined as the non-cancelable period of a lease together with both periods covered by an option to extend the lease if the lessee is reasonably certain to exercise that option; and also periods covered by an option to terminate the lease if the lessee is reasonably certain not to exercise that option. The options that are reasonably going to be exercised is a key management judgement that the entity will make. The entity determines the likeliness to exercise the options on a lease-by-lease basis looking at various factors such as which assets are strategic and which are key to future strategy of the entity.

Notes to the Financial Statements For the Year Ended 30 June 2023

11 Leases

Association as a lessee

The Association has leases over a range of assets including land and buildings, vehicles, machinery and IT equipment.

Terms and conditions of leases

The Association's lease portfolio relates to buildings only. Building lease terms range from 2 to 12 years. Options to extend or terminate are contained in the property leases of the Association. These clauses provide the Association opportunities to manage leases in order to align with its strategies. All of the extension or termination options are only exercisable by the Association. The extension or termination options which were probable to be exercised have been included in the calculation of the lease liability and right of use asset.

Right-of-use assets

21 Events after the end of the Reporting Period

The financial report was authorised for issue on _____ by those charged with governance.

In the 2021 reporting period the Board of Directors of Multicultural Aged Care Services Geelong Inc (MACS) formally approved the merger of MACS with Geelong Ethnic Community Council Inc. (GECC, trading as Diversitat) to form Multicultural Community Services Geelong Inc. (MCSG). MCSG was formed on 10 December 2020 and its Board consists of the Directors of MACS and GECC. The merger process is underwritten by a Service Agreement signed by the Boards of each of the three organisations. MCSG will be established in a planned and staged manner commencing with the appointment of the CEO on 3 May 2021. The employment of current GECC staff and its funding, assets and liabilities will be progressively transferred to MCSG over the course of the 2021/22 - 2023/24 financial years. It is intended, and formally agreed by the three Boards, that MACS, and GECC, will move to cease to exist as a formal legal entity over the same period.

Assets and liabilities have been transferred through the related party loan accounts during the current period, and will continue to be transferred over the coming financial year.

Except for the above, no other matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Association, the results of those operations or the state of affairs of the Association in future financial years.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF GEELONG ETHNIC COMMUNITIES COUNCIL INC**

Opinion

We have audited the financial report of Geelong Ethnic Communities Council Inc (the Association), which comprises the statement of financial position as at 30 June 2023, the statement of comprehensive income, the statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the declaration by those charged with governance.

In our opinion the financial report of Geelong Ethnic Communities Council Inc has been prepared in accordance with Division 60 of the Australian Charities and Not-for-profits Commission Act 2012 (ACNC Act), including:

- (a) giving a true and fair view of the Association's financial position as at 30 June 2023 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards – Simplified Disclosure Standard and Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2013.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Association in accordance with the ACNC Act, the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Australian Charities and Not-for-profits Commission Act 2012, which has been given to the directors of the Association, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Going concern

We draw attention to Note 2(l) to the financial report, which describes the events and conditions which give rise to the existence of a material uncertainty that may cast doubt about the Association's ability to continue as a going concern and therefore the Association may be unable to realise its assets and discharge its liabilities in the normal course of business.

Our opinion is not modified in respect of this matter.

Emphasis of Matter – Deviation from accounting standards

We draw attention to Note 2(a) to the financial report, which describes the deviation from accounting standards in relation to grant income where Geelong Ethnic Communities Council Inc was the named recipient, but the income was accounted for in Multicultural Community Services Geelong Inc due to the ongoing merger process. This is considered a departure from accounting standards, but represents the substance over form of the merging entities.

Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Financial Report

Management is responsible for the preparation of the financial report in accordance with the ACNC Act, and for such internal control as management determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Association's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <http://www.auasb.gov.au/Home.aspx>. This description forms part of our auditor's report.
